2. **Remotely:** If participating in real time via Zoom or phone, please wait for the presiding officer to call the item for which you wish to speak and use the “raise hand” function on your computer or \*9 by phone and wait for SCAG staff to announce your name/phone number.
3. **In-Person:** If participating in-person, you are invited but not required, to fill out and present a Public Comment Card to the Clerk of the Board or other SCAG staff prior to speaking. It is helpful to indicate whether you wish to speak during the Public Comment Period (Matters Not on the Agenda) and/or on an item listed on the agenda.

## General Information for Public Comments

Verbal comments can be presented in real time during the meeting. Members of the public are allowed a total of 3 minutes for verbal comments. The presiding officer retains discretion to adjust time limits as necessary to ensure efficient and orderly conduct of the meeting, including equally reducing the time of all comments.

For purpose of providing public comment for items listed on the Consent Calendar, please indicate that you wish to speak when the Consent Calendar is called. Items listed on the Consent Calendar will be acted on with one motion and there will be no separate discussion of these items unless a member of the legislative body so requests, in which event, the item will be considered separately.

***In accordance with SCAG’s Regional Council Policy, Article VI, Section H and California Government Code Section 54957.9, if a SCAG meeting is “willfully interrupted” and the “orderly conduct of the meeting” becomes unfeasible, the presiding officer or the Chair of the legislative body may order the removal of the individuals who are disrupting the meeting.***

#### **ADJOURNMENT**

**AGENDA ITEM 1**  
**REPORT**

Southern California Association of Governments  
November 7, 2023

**To:** District Evaluation Committee (DEC)

**EXECUTIVE DIRECTOR'S  
APPROVAL**

**From:** Jeffery Elder, Acting Chief Counsel  
(213) 630-1478, elder@scag.ca.gov

**Subject:** District Evaluation Process

**RECOMMENDED ACTION:**

1. Review and discuss background regarding how SCAG undertook the District Evaluation Process in the past and 2023 data on District populations.
2. Review staff recommendation and provide direction to staff as appropriate.
3. Transmit information to the subregional organizations for their input and return to the District Evaluation Committee with their input.

**STRATEGIC PLAN:**

This item supports the following Strategic Plan Goal

**EXECUTIVE SUMMARY:**

*Pursuant to SCAG's Bylaws, the Regional Council must undertake an evaluation of its Regional Council Districts in 2023. This report provides background of the past processes, current population data, and staff's recommendation.*

**BACKGROUND:**

**Bylaw Requirements to Periodically Evaluate Regional Council Districts**

The 191 cities in the SCAG region are represented on the Regional Council by way of Regional Council Districts ("Districts"). Some Districts are comprised of multiple cities ("multi-city Districts") and some are comprised of only a single city ("single-city Districts").

SCAG's Bylaws provide that, in each year ending in "3" or "8," the Regional Council must review District boundaries "based upon city population data as most recently available from the State Department of Finance." (Bylaws Art. V.A.(1)(a)(2).) Additionally, the Bylaws provide that Districts: (1) should have a "geographic community of interest" and be of "approximately equal population" (Bylaws Art. V.A.(1)(a)(1)); (2) may span multiple counties, but must not cross subregional boundaries (ibid.); and (3) are limited to 70 in number (Bylaws Art. V.A.(1)(a)(6)).

Outreach to subregional organizations is required and they may make recommendations to establish or modify Districts, using the same population data described above. (Bylaws Art. V.A.(1)(a)(5).)

The Bylaws provision requiring review every five years was added in 2004. As a result, the Regional Council performed this District Evaluation Process in 2008, 2013 and 2018. Pursuant to the Bylaws, SCAG must undertake its next District Evaluation Process by the end of calendar year 2023.

As noted above, SCAG's Bylaws establish a maximum of 70 Districts. There are currently 69 Districts. A map depicting the current District configuration is attached to this staff report.

### **Summary of the 2018 District Evaluation Process**

The most recent District Evaluation Process in 2018 included appointment by the President of a District Evaluation Subcommittee; a staff presentation at the 2018 June EAC retreat for direction on topics to be addressed by the subcommittee; meetings of the subcommittee to evaluate population ranges, take stakeholder input (including from subregions and interested cities/counties), and develop recommendations for Regional Council consideration; and Regional Council action on February 7, 2019, that approved the subcommittee's recommendation.

The Regional Council took the following actions:

- Established a population range of 245,000-345,000 persons per District (with acknowledgment of statistical deviations of +/- 50,000 persons); and
- Retained the 2013 configuration of Districts, limited at 69 districts.

While there were some Districts with populations outside of the recommended population range, no changes were made for a variety of reasons, including to maintain a geographic community of interest or the boundaries of the subregions. As noted at the time the Regional Council approved the present District configuration, those Districts with more "material" deviation from the approved population ranges (i.e., those with more than a +/- 50,000 person exceedance) were "grandfathered" from the then-approved ranges. The practical effect of the approved 2018 population ranges means that a city would not qualify for a single-city District unless the city has a minimum population threshold of 245,000.

### **Current 2023 Populations**

The Planning Department has provided population counts for each of the current Districts. In accordance with the Bylaws, this data is based upon January 2023 city-level population data, the

most recently available city population data from the California Department of Finance. A copy of this data is attached to this staff report.

This population data indicates that the population of the SCAG region living in incorporated areas has decreased approximately 2.8%, from 17,042,437 in 2018 to 16,569,609 in 2023. Distributing the 2023 region-wide population evenly among the 69 Districts results in a per District distributed population of 240,139 compared to a 2018 distributed population of 246,991 – representing an approximately 2.8% decrease in per District distributed population.

While most Districts have seen population decreases between 2018 and 2023, ten (10) multi-city Districts and five (5) single-city Districts have increased in population. Of the Districts with population increases, ten (10) are within the range of District size that was applied in 2018 (245,000-345,000) and all fall within the statistical deviations of +/- 50,000 persons.

As a brief overview, Districts range in size from 62,740 (#44: Agora Hills, Calabasas, Hidden Hills, Malibu, Westlake Village) to 350,912 (#10, Chino, Chino Hills, Ontario). Presently there are no cities with populations in excess of 245,000 that are in a multi-city District.

### **2023 District Evaluation Process and Staff Recommendation**

At the EAC Retreat held on June 29-30, 2023, a brief overview of the District Evaluation Process was provided, and input and direction were sought from the EAC. At the Retreat, staff proposed the following process: (1) Formation of a District Evaluation Subcommittee appointed by the President; (2) Subcommittee meetings to discuss and consider stakeholder input and development of recommendations for Regional Council review and action; and (3) Regional Council review and action on the subcommittee's recommendations.

The population change between 2018 and 2023 does not appear to warrant changing the current District boundaries, nor the addition of Districts. None of the Districts that had an increase in population resulted in a population over the +/- 50,000 deviation that has been previously applied. Additionally, there are currently no cities in multi-city Districts that have a population over 245,000. As referenced above, the Bylaws limit the number of Districts to 70 and, presently, there are 69 Districts. Thus, the addition of more than one District would require amendment of the Bylaws.

It should be noted that during the January 5, 2023, Regional Council meeting, SCAG received a verbal request from Regional Council Member McLean (District 67) to consider whether the City of Santa Clarita should be a single-city District. Based on the January city population data, the City of Santa Clarita currently has a population of 230,659.

Based on the population observations noted above, which indicate population changes between 2018 and 2023 do not warrant changing the current Regional Council District boundaries, staff recommends:

- That the population target size and deviation (245-345,000 with +/- 50,000) remain unchanged.
- That the current District boundaries remain unchanged.
- That no Districts be added.
- That staff seek input from subregional organizations regarding any changes to the current composition of the Districts in their respective subregion, which staff will bring back to this committee.

Following completion of the District Evaluation Committee's work, its recommendations would be presented to the Regional Council for their review and action.

**CONCLUSION:**

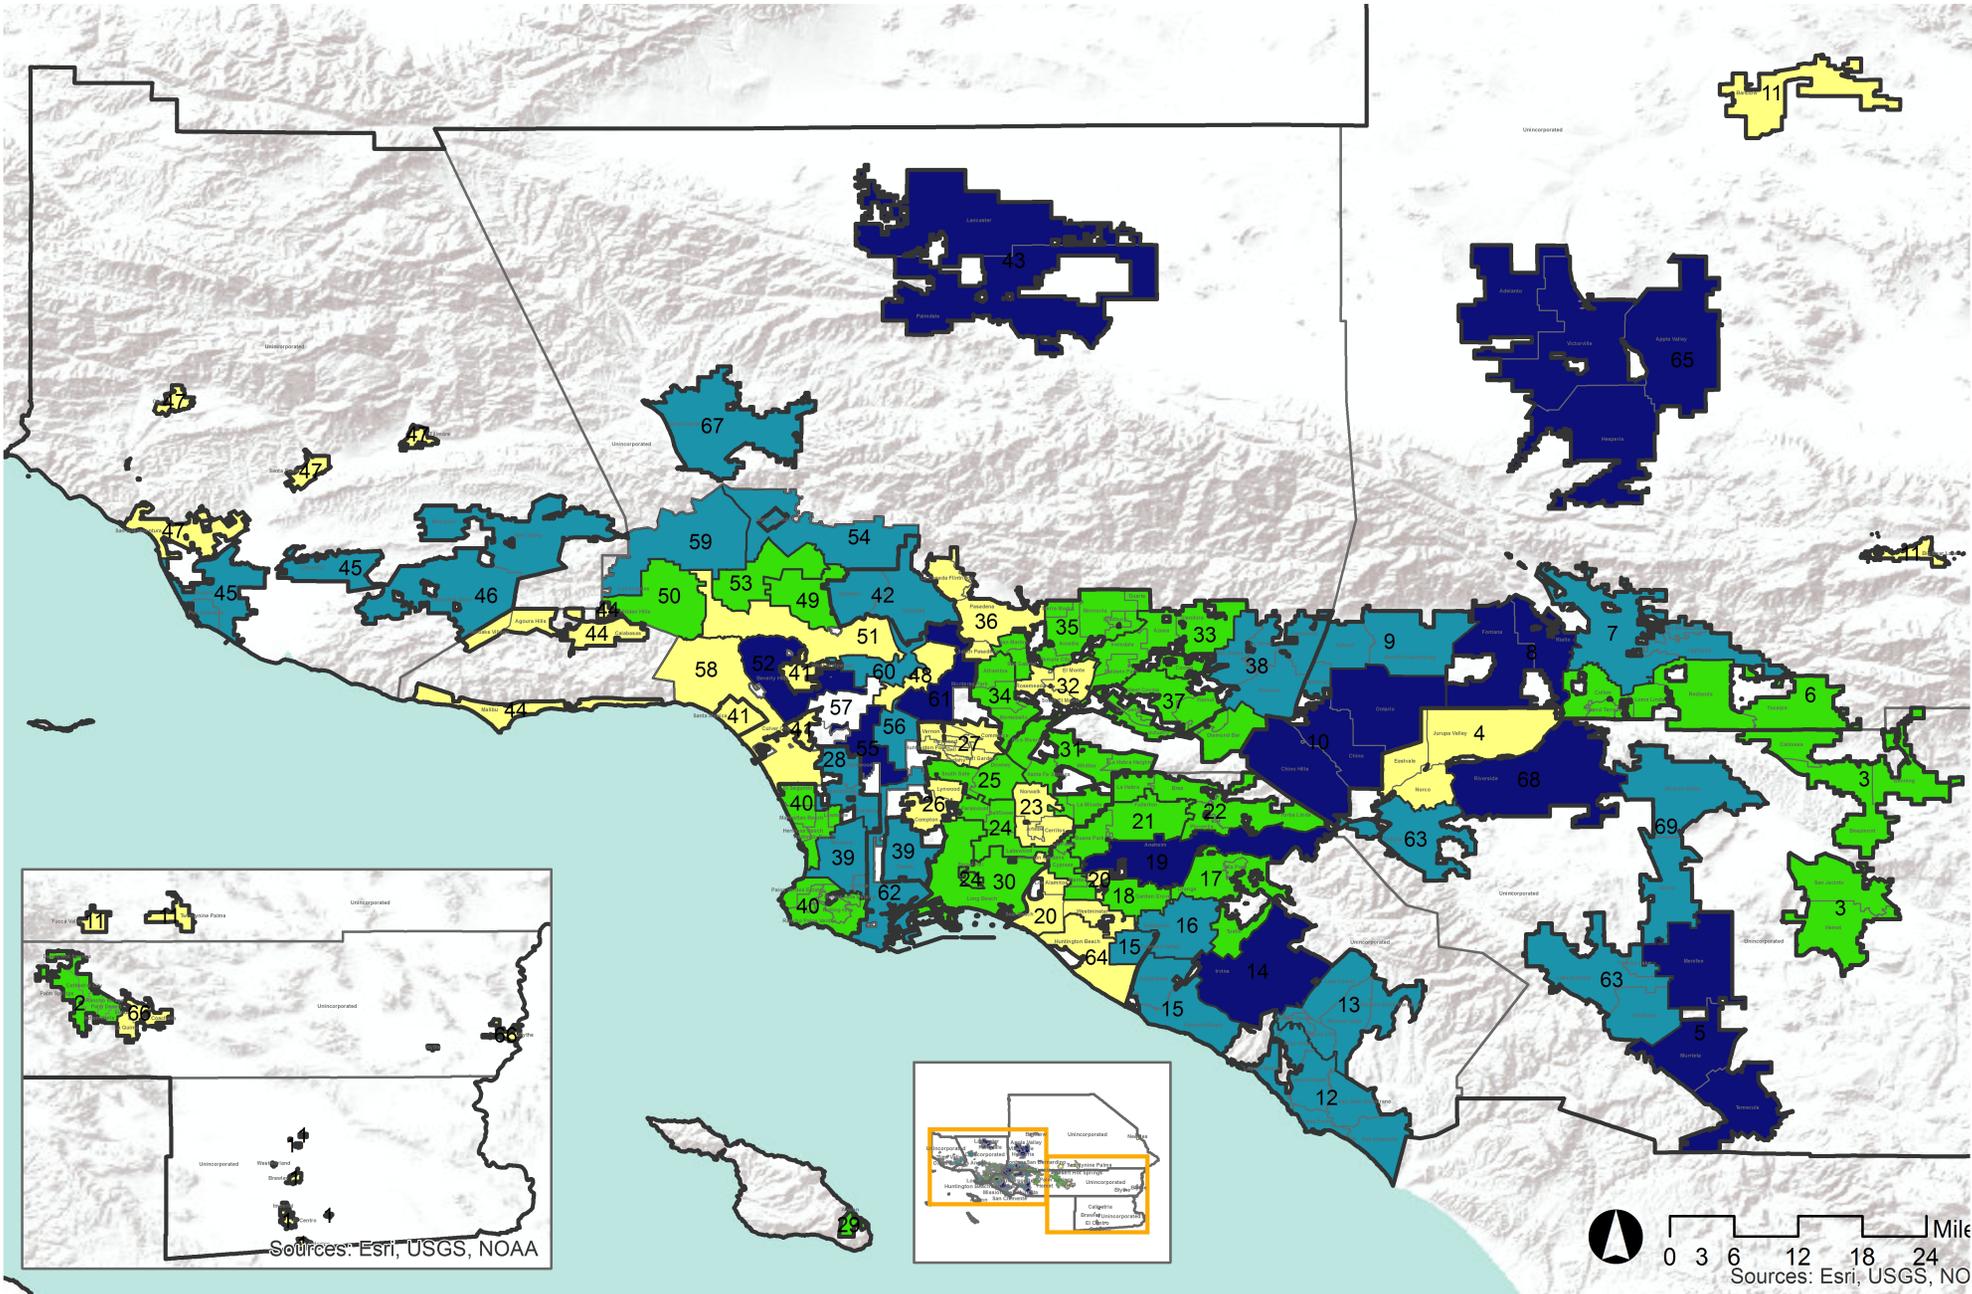

Staff requests that the District Evaluation Committee consider the past District Evaluation process and staff's recommendation and provide direction to staff.

**FISCAL IMPACT:**

Work related to the District Evaluation process is funded from the FY23-24 General Fund Budget.

2023 District Evaluation Process

## Overview of Today's Discussion

### Items to Consider and Discuss:

- Bylaws requirements
- Background of past District Evaluation Process
- 2023 Department of Finance population data
  - District population target and deviation
- Subregional COG's input

## Bylaws Requirements

- **WHEN:** Review every 5 years (years ending in "5" and "8")
- **DATA USED:** City population data as most recently available from DOF
- **CRITERIA:** Geographic community of interest and approximately equal populations
- **OTHER FACTORS:** Districts may cross county lines, but must not cross subregional boundaries
- **STAKEHOLDER INPUT:** Subregional organizations may make recommendations using same population data
- **RC DISTRICT LIMIT:** 70 Districts Permitted; Presently 69 Districts

## 2018 District Evaluation Process

- Used a District Evaluation Subcommittee appointed by the President
- Subcommittee met 3 times, evaluated population ranges, took stakeholder input, and developed recommendations for Regional Council consideration
- Subcommittee recommended:
  - Establish a population range of 245,000-345,000 persons per District (with acknowledgement of statistical deviations of +/- 50,000 persons and "grandfathered" Districts outside of the deviation range)
  - Retain the 2013 configuration of Districts
- Regional Council adopted recommendations on February 7, 2019

## 2018 District Evaluation Process Cont.

### Result of 2018 Process/ What We Have Now:

- District population range of 245,000-345,000
- Statistical deviations of approximately +/- 50,000 persons
- Retained 2013 configuration of Districts, limited at 69 Districts
- Districts outside deviation kept to maintain geographic community of interest or maintain boundaries of the subregion
- Population of 245,000+ to qualify for a single-city District

## DOF Population Data – January 2023

- Population living in incorporated areas: Decreased approximately **2.8%**
  - From **17,042,437** in 2018 to **16,569,609** in 2023
- Per District Target Population: **240,139**
  - Compared to a 2018 distributed population of **246,991**
- 10 multi-city Districts and 5 single-city Districts increased in population; remaining Districts decreased
  - No Districts with increased population fall outside of the statistical deviation
- No cities in multi-city Districts have populations over 245,000

## Other Considerations

- Aside from population and generally equal population by District (with some deviation), other factors considered:
  - Geographic community of interest
  - Input from subregional council of governments and other stakeholders
  - Subregional boundaries limit District boundaries
- During the January 5, 2023, Regional Council meeting, District 67 made a verbal request to consider whether City of Santa Clarita should be a single-city District (Current population of 230,659)

## Recommendation

- Based on the population observations, which indicate population changes between 2018 and 2023 do not warrant changing the current District boundaries, staff recommends:
  - That the population target size and deviation (245,000-345,000 with +/- 50,000) remain unchanged
  - That the current District boundaries remain unchanged
  - That no Districts be added
  - That staff seek input from subregional organizations regarding any changes to the current composition of the Districts in their respective subregion, which staff will bring back to this committee
